Don't wait - vaccinate!

Vet Care Needs

During 2026 we have experienced an increase in animals entering our program that require major medical care far above routine care.

We are reaching out for your help

Looking Foward 2027

A new year has us all looking forward to many exciting and unforeseen challenges and triumphs.

Expanded Outreach Programs are all on the horizon for Happy Hills in 2027.

These lifesaving programs have been made possible for the past 45 years with the help of compassionate people like you.

The HHAF shelter stays at capacity most of the year due to overwhelming need.

Our kennels are like a revolving door with animals coming in as fast as they are going out.

Proceeds Directly Support The HHAF Shelter

Community Outreach Pet Vaccination Clinics

- Increase access to affordable preventative veterinary care.
- Improve community pet health and vaccination compliance.
- Reduce the incidence of preventable diseases such as parvovirus, distemper, and rabies.
- Support pet retention by helping families maintain healthy pets.
- Reduce shelter admissions caused by preventable illness and financial hardship.

2026 Total Vaccines Provided

1632

Winter Months Approaching

The HHAF shelter animals are in Need of Sponsors through out the year with increasing need during the winter season. Donations seem to slow during the colder months, with everyone busy with holiday plans and events.

Please remember animals in need during this time of the year. Sponsoring a shelter pet that is awaiting a new home helps provide food, medical treatments and daily care.
